

Roman Rally - for elementary schools -

Guidelines for teachers:

All questions need to be answered to find the solution and finish the rally.

Suggestion: The children form pairs to solve the riddle. At the end of the Roman Trail, the teachers expect them. A possible addition to the rally could be a milking competition between the three winners (or winner groups) in the Milchhaus.

The solution can be found on our homepage directly below the Roman Rally.

Have fun with your group!

Roman Rally - for elementary schools -

Salve! We are glad to meet you on our Roman Trail.

This is how it works: You are about to start an exciting rally. By reading the questions and proceeding from station to station, you can find the answers. Once you have answered all the questions, you only have to bring the underlined letters of your solutions into the right order to find out the word we look for. Say the word at the end of the Roman Trail: If you are first, second or third to reach the finishing line, you are a winner! It is your choice in which order to answer the questions.

But be careful: You can only win by answering all the questions and finding the final word!
